

Current User Situation Canvas

Objective

Analyze with the team the current user situation in order to identify pain points, customer journey and value generators that set a base for redesigning an experience.

Instructions

1. Fill each quadrant in teams.
2. Conglomerate similar ideas.
3. Draw conclusions and prioritize information.

<p>User pain points</p> 	<p>User value generators</p> 	<p>Surprising insights</p>
